

IMAGO DEI

“The Patience of God”

1. We have learned that God is patient towards both believers and unbelievers for different reasons. What is the practical application of understanding God's patience in these two areas?
2. We learned that we are to reflect the patience of God towards one another. Look for the word "patient" in Paul's classic definition of love in I Cor. 13:4-8a and the fruit of the Spirit in Gal. 5:22-23. Discuss the things or circumstances that tempt you to be impatient with others and why exercising patience is so important.
3. All believers eagerly await the rapture and the second coming of Jesus Christ to establish His kingdom. What is the difference between eager anticipation and the sin of impatience?
